

"G"Go®

Spray Spotter
For use with GreenEarth®,
Hydrocarbon, Perc or K4

"G"Go® Spray Spotter

"G"Go quickly penetrates fabric to release ground-in soil, collar and cuff stains, perspiration, etc. Simply spray soiled areas before drycleaning. No brushing, flushing or waiting required. Stains and soil disappear right in the wheel.

"G"Go works as a leveling agent, too!

And "G"Go is environmentally friendly. It's soy-based, biodegradable, non-combustible and California VOC and Prop-65 compliant. Just spray it on and dryclean it out. With "G"Go, it's as easy as 1-2-"G"!

DIRECTIONS

Before starting, read and understand the "G"Go Material Safety Data Sheet.

Apply "G"Go directly to stained area. Tamping with a bristle brush will help to loosen tough stains. Dryclean in usual manner.

Note: "G"Go is safe for use on most colors and fabrics. Test on hidden area of garment before using on delicate colors or fabrics.
