

**PROTEIN STAIN
REMOVER**

QwikGo®

QwikGo removes food, blood and milk stains. QwikGo is easy to use and is exceptionally safe for use on delicate colors and fabrics.

DIRECTIONS

Before starting, read and understand the QwikGo Material Safety Data Sheet.

For Best Results, Fabric Should Be As Dry As Possible Before Applying QwikGo.

➤ **IN DRY CLEANING**

Before or after cleaning, apply QwikGo to stain and work in with spatula or brush. (Except on blood, mercurochrome and merthiolate, it is helpful to heat with steam gun.) When stain loosens, flush with water or steam. On heavy or hard- set stains, repeat procedure if necessary.

➤ **IN LAUNDERING**

Before washing, saturate stained area with QwikGo and work in until stain loosens. (Do not rinse QwikGo from fabric.) Then launder in usual manner.

➤ **IN RUG CLEANING**

Apply QwikGo to stain and work in with spatula until stain loosens. Then shampoo.

PRODUCT OVERVIEW

QwikGo®

*Its all you need to remove
food and blood stains!*
